

# case study: how Bryneven found the right supplier for their uniforms

Karina Jardim, a member of the Governing Body at Bryneven Primary School, Johannesburg, used SchoolAdvisor to find a uniform supplier who offered the best price and quality for the school's 600 students.

**Q** what value did you achieve through the tender for your parents?

**A** we were able to provide our parents with two established school uniform suppliers with more than 10 years' experience in the industry providing quality and affordable school clothes for all.

**Q** how did the tenders process provide you with transparency, accountability and control?

**A** SchoolAdvisor enabled our school to run an unbiased process. As a school, we set the guiding principles and criteria that contributed towards a fair process for the school and the service providers.

**Savings of 11%**  
and a R175k annual contribution to school fundraising

**20 days saved**  
the school saved 20 working days using our services

**Q** what has your experience been like working with the SchoolAdvisor team?

**A** it was great working with the SchoolAdvisor team, they are true professionals that provided guidance & support throughout the process the process. I would recommend utilising their services for all tender processes to drive consistency.

**Q** did the tender process make life easier for you and how?

**A** SchoolAdvisor did all the heavy lifting in finding the right suppliers to tender for our process & managing the initial screening process for the school. They supported and guided the tender process from start to finish allowing the school to spend time on reviewing and selecting the right service providers for our parents.
